

PRODUCT DATA SHEET

FiberMark's Reprise® provides an environmentally-responsible paper choice in a palette of nine nature-inspired colors. Featuring a fiber-enhanced, uncoated vellum finish, this stock is crafted in the Green Mountain State of Vermont from 100% recycled fibers, including 30% post-consumer waste. Reprise is available in a standard cover weight, as well as heavier options for projects requiring additional stiffness and strength. Reprise combines natural beauty with earth-friendly appeal for a wide range of design options.

CATEGORIES	
DATE	July 2014
